

Long Radius Discharge Y-Pipe

Part: 0806071A

Technical Data:

Make: IPS

Dim.: 4-1/2" diameter o.d. pipe
32" high x 85" wide

- Hardened, schedule 80 pipe
- Precision machined and fabricated to OEM specifications
- Case hardened for long term performance

Description: A 4-1/2" diameter (4" i.d.), internally case hardened, schedule 80 pipe fabrication designed to offer maximum abrasion resistance when unloading sand for locomotive traction from tank cars into storage bins. 32" high, 85" across.
