

RailRunner & Storage Rack

Part: 2310055A & 2310055A-01

Technical Data:

Railrunner

Make: IPS
Weight: 43 lbs.
Dim.: 21.5" x 17" x 9"

Storage Rack

Make: IPS
Weight: 290 lbs.
Dim.: 48" x 47" x 59"

- Pillow-block enclosed bearings for increased durability
- Replaceable heavy-duty rollers & bearings

Description: The IPS Railrunner is a heavy-duty rail handling device which is ideal for laying new rail. Designed to be used with wooden or concrete ties, the unique design allows units to be locked together into compact stacks to minimize freight costs and storage requirements.

The heavy duty storage rack can store, organize and transport up to 50 Railrunners and be handled by forklift or overhead crane. Total weight of 50 Railrunners and storage rack is 2450 lbs.
