

"Gladiator" Rail Bolt Punch, 20"

Part: 2364002A

Technical Data:

Weight: 3.9 lbs.
Dim.: 19" long handle, 3/4" cable,
14" long head w/
7/8" striking surface

- Cast & machined 7/8" striking surface from high-strength alloy steel.
- Ultra-dense rubber protective head buffer
- Buffer, handle, and wire-cable 'shaft' all ergonomically designed to minimize worker fatigue.

Description: Heat-treated alloy steel cable punch designed to hammer out rail bolts and stubborn pins. Enhanced grip reinforced rubber handle to absorb shock and minimize vibration. 14" overall head length, 7/8" diameter striking surface, 19" long cable handle.
