

## ***Spike Claws – Single, Double & Lewis***

***Part: 4665-0037, 4665-0068 & 46650071-IPS***

### **Technical Data:**

Make: IPS  
Weight: 2.6 lbs. / 5.0 lbs. / 6.0 lbs.

- Manufactured from durable, cast steel Alloy
- Heat treated and tested for consistency
- All spike/bolt claws are designed to fit standard claw levers

**Description: Spike Claws:** Designed for use with spike puller machines to cleanly and consistently pull either one or two spikes per arm depending on single or double claw style. The IPS Spike Claws are manufactured from high-strength alloy steel, heat treated and hardness tested to offer efficiency, performance, and maximum longevity.

**Lewis Bolt Claw:** This unique and patented tool for effectively pulling Lewis Bolts from wooden ties is manufactured from high-strength alloy steel and heat treated for maximum longevity and performance. Supplied with the high-strength 1" x 4" retaining pin to fit the standard claw lever.
