"Little Dawg II" 3.3-Ton Rail Tong

Part no. RHD3.3-IPS2

Another progressive innovation from IPS: the new Little Dawg II Rail Tongs are still lightweight and strong enough to easily handle short sections of rail. Designed to open automatically when lowered onto the head of a rail, the new tong also has added handles to minimize pinch points while still handling most rail profiles.

Features:

- Cast from high-strength alloy steel and magnetic particle tested
- All tongs tested to **1.5x capacity**
