

Rail Threader "Titan"

Part: 2310004C

Technical Data:

Make: IPS
Weight: 370 lbs.
WLL: 6 Ton
Dim.: 26.5" x 28" x 15"

- Magnetic particle tested
- Load Pull Tested
- Replaceable heavy-duty, hardened rollers with integrated bearings

Description: The robust "Titan" rail threader with hinged door is manufactured with four heavy-duty rollers, integrated protected bearings, and is designed for use with continuous welded rail. Replacement rollers are available, and as the bearings are integrated in the rollers field replacement is fast and simple. The loading gate uses a two point, hinged door to accommodate a wide variety of rail gauges, and two lifting points aid in maneuvering the "Titan" into position. Overall dimensions: 26-1/2" high x 28" wide x 15" deep.
