

Rail Buggy, Super-Light Collapsible CRB-SL-IPS

Technical Data:

- Weight: 98 lbs.
WLL: 5,000 lbs.
Dim.: 50" L x 63-1/2" W x
6" H above rail (deck)
36" H above rail (removable
handle)
- Four 5" cast aluminum wheels on insulated axles

Description: This collapsible aluminum rail buggy boasts a 5,000 lbs. capacity. 50" long x 63-1/2" wide, it runs on 5" diameter insulated aluminum wheels for 56-1/2" gauge rail. The cart can be moved from either end with the moveable push rail and the entire assembly folds up for efficient storage and transport. Parking brakes at both ends provide safety during loading and unloading.
